1. At admission, Ft. Lyon will only transport 40 pounds of property in one bag per resident. You are also allowed one small purse/bag on your lap.
2. Residents are responsible for the security of their personal belongings during their stay at Fort Lyon.
3. Residents are expected to take all personal belongings with them upon their departure from the campus on or before their discharge date. Ft. Lyon will transport up to 60 pounds of property. If resident is unable to take all property with them:
    i. The inventory will be placed in storage for no more than 30 days;
    ii. It is the resident's responsibility to collect the inventory within 30 days; and
    iii. After thirty days, the items will be recycled into the community via the warehouse.

I acknowledge my understanding of the policy above.

SOCRATES

The Stages of Change Readiness and Treatment Eagerness Scale

SOCRATES is an experimental instrument designed to assess readiness for change in alcohol abusers. The instrument yields three factorially-derived scale scores: Recognition (Re), Ambivalence (Am), and Taking Steps (Ts). It is a public domain instrument and may be used without special permission.

Answers are to be recorded directly on the questionnaire form. Scoring is accomplished by transferring to the SOCRATES Scoring Form the numbers circled by the respondent for each item. The sum of each column yields the three scale scores. Data entry screens and scoring routines are available.

These instruments are provided for research uses only. Version 8 is a reduced 19-item scale based on factor analyses with prior versions. The shorter form was developed using the items that most strongly marked each factor. The 19-item scale scores are highly related to the longer (39 item) scale for Recognition (r = .96), Taking Steps (.94), and Ambivalence (.88). We therefore currently recommend using the 19-item Version 8 instrument.

Psychometric analyses revealed the following psychometric characteristics of the 19-item SOCRATES:

	Cronbach Alpha	Test-retest Reliability Intraclass	Pearson
Ambivalence	.60 - .88	.82	.83
Recognition	.85 - .95	.88	.94
Taking Steps	.83 - .96	.91	.93

Various other forms of the SOCRATES have been developed. These will be migrated into shorter 8.0 versions as psychometric studies are completed. They are:

8D	19-item drug/alcohol questionnaire for clients
7A-SO-M	32-item alcohol questionnaire for significant others of males
7A-SO-F	32-item alcohol questionnaire for SOs of females
7D-SO-F	32-item drug/alcohol questionnaire for SOs of females
7D-SO-M	32-item drug/alcohol questionnaire for SOs of males

The parallel SO forms are designed to assess the motivation for change of significant others (not collateral estimates of clients' motivation). The SO forms lack a Maintenance scale, and therefore are 32 items in length.

Prochaska and DiClemente have developed a more general stages of change measure known as the University of Rhode Island Change Assessment (URICA). The SOCRATES differs from the URICA in that SOCRATES poses questions specifically about alcohol or other drug use, whereas URICA asks about the client's "problem" and change in a more general manner.

INSTRUCTIONS: From the SOCRATES Scoring Form (19-Item Version) transfer the total scale scores into the empty boxes at the bottom of the Profile Sheet. Then for each scale, CIRCLE the same value above it to determine the decile range.

10 Very Low	7-26	4-8	8 - 25
RAW SCORES (from Scoring Sheet)	Re=	Am=	Ts=

These interpretive ranges are based on a sample of 1,726 adult men and women presenting for treatment of alcohol problems through Project MATCH. Note that individual scores are therefore being ranked as low, medium, or high *relative to people already presenting for alcohol treatment.*

Guidelines for Interpretation of SOCRATES-8 Scores

Using the SOCRATES Profile Sheet, circle the client's raw score within each of the three scale columns. This provides information as to whether the client's scores are low, average, or high *relative to people already seeking treatment for alcohol problems.* The following are provided as general guidelines for interpretation of scores, but it is wise in an individual case also to examine individual item responses for additional information.

RECOGNITION

HIGH scorers directly acknowledge that they are having problems related to their drinking, tending to express a desire for change and to perceive that harm will continue if they do not change.

LOW scorers deny that alcohol is causing them serious problems, reject diagnostic labels such as "problem drinker" and "alcoholic," and do not express a desire for change.

AMBIVALENCE

HIGH scorers say that they sometimes *wonder* if they are in control of their drinking, are drinking too much, are hurting other people, and/or are alcoholic. Thus a high score reflects ambivalence or uncertainty. A high score here reflects some openness to reflection, as might be particularly expected in the contemplation stage of change.

LOW scorers say that they *do not wonder* whether they drink too much, are in control, are hurting others, or are alcoholic. Note that a person may score low on ambialence *either* because they "know" their drinking is causing problems (high Recognition), *or* because they "know" that they do not have drinking problems (low Recognition). Thus a low Ambivalence score should be interpreted in relation to the Recognition score.

TAKING STEPS

HIGH scorers report that they are already doing things to make a positive change in their drinking, and may have experienced some success in this regard. Change is underway, and they may want help to persist or to prevent backsliding. A high score on this scale has been found to be predictive of successful change.

LOW scorers report that they are not currently doing things to change their drinking, and have not made such changes recently.

Mental Health Screening Form–III (MHSF–III)

Instructions: In this program, we help people with *all* their problems, not just their addictions. This commitment includes helping people with emotional problems. Our staff is ready to help you to deal with any emotional problems you may have, but we can do this only if we are aware of the problems. Any information you provide to us on this form will be kept in strict confidence. It will not be released to any outside person or agency *without your permission.* If you do not know how to answer these questions, ask the staff member giving you this form for guidance. Please note, each item refers to your *entire life history, not* just your current situation. This is why each question begins, "Have you ever . . . "

Please circle "yes" or "no" for each question.

1. Have you *ever* talked to a psychiatrist, psychologist, therapist, social worker, or counselor about an emotional problem? Yes No
2. Have you *ever* felt you needed help with your emotional problems, or have you had people tell you that you should get help for your emotional problems? Yes No
3. Have you *ever* been advised to take medication for anxiety, depression, hearing voices, or for any other emotional problem? Yes No
4. Have you *ever* been seen in a psychiatric emergency room or been hospitalized for psychiatric reasons? Yes No
5. Have you *ever* heard voices no one else could hear or seen objects or things which others could not see? Yes No
6. (a) Have you *ever* been depressed for weeks at a time, lost interest or pleasure in most activities, had trouble concentrating and making decisions, or thought about killing yourself? Yes No
   (b) Did you ever attempt to kill yourself? Yes No
7. Have you *ever* had nightmares or flashbacks as a result of being involved in some traumatic/terrible event? For example, warfare, gang fights, fire, domestic violence, rape, incest, car accident, being shot or stabbed? Yes No
8. Have you *ever* experienced any strong fears? For example, of heights, insects, animals, dirt, attending social events, being in a crowd, being alone, being in places where it may be hard to escape or get help? Yes No
9. Have you *ever* given in to an aggressive urge or impulse, on more than one occasion, that resulted in serious harm to others or led to the destruction of property? Yes No
10. Have you *ever* felt that people had something against you, without them necessarily saying so, or that someone or some group may be trying to influence your thoughts or behavior? Yes No
11. Have you *ever* experienced any emotional problems associated with your sexual interests, your sexual activities, or your choice of sexual partner? Yes No
12. Was there *ever* a period in your life when you spent a lot of time thinking and worrying about gaining weight, becoming fat, or controlling your eating? For example, by repeatedly dieting or fasting, engaging in much exercise to compensate for binge eating, taking enemas, or forcing yourself to throw up? Yes No

13. Have you *ever* had a period of time when you were so full of energy and your ideas came very rapidly, when you talked nearly nonstop, when you moved quickly from one activity to another, when you needed little sleep, and when you believed you could do almost anything? Yes No

14. Have you *ever* had spells or attacks when you suddenly felt anxious, frightened, or uneasy to the extent that you began sweating, your heart began to beat rapidly, you were shaking or trembling, your stomach was upset, or you felt dizzy or unsteady, as if you would faint? Yes No

15. Have you *ever* had a persistent, lasting thought or impulse to do something over and over that caused you considerable distress and interfered with normal routines, work, or social relations? Examples would include repeatedly counting things, checking and rechecking on things you had done, washing and rewashing your hands, praying, or maintaining a very rigid schedule of daily activities from which you could not deviate. Yes No

16. Have you *ever* lost considerable sums of money through gambling or had problems at work, in school, or with your family and friends as a result of your gambling? Yes No

17. Have you *ever* been told by teachers, guidance counselors, or others that you have a special learning problem? Yes No

Medical resource and treatment information for Fort Lyon

Fort Lyon is located in Bent County in SE Colorado, it is a rural area and medical resources are limited. There are some specialists available within 40 miles of Fort Lyon, but a majority are in Pueblo or Colorado Springs, which is over 100 miles away, and may only see patients 1-2 days a week or month. Transportation is limited if you need to see a specialist.

This is to inform you that if you have a need to see a specialist, the services may not be available to you, please consider this prior to submitting your application:

- If you have any pending surgeries complete them PRIOR to entering program
- If you plan to enter into treatment for Hepatitis C, Cancer, or other long term treatment with a specialist you need to complete your treatment PRIOR to coming to Fort Lyon.
- Pain management providers or methadone clinics are NOT available, you will NOT be able to obtain pain management while at Fort Lyon.
- Local providers prescribe pain medication for acute illnesses, but do NOT engage in long term chronic pain management treatment with narcotics.
- Primary care and behavioral health providers are available in Las Animas from Fort Lyon Health Center, Valley Wide Health Systems, Ryon Medical, and South East Mental Health Group. Assistance for your initial visit will be provided when you enter the program. Dental and Vision appointments are also available after you have been in the program for 90 days.

Fort Lyon Supportive Residential Community

Resident Selection Criteria

The Fort Lyon Supportive Residential Community provides recovery oriented transitional housing to homeless individuals with substance use disorders. The program combines housing with counseling, educational, vocational and employment services for homeless and formerly homeless persons from across the state of Colorado, with an emphasis on serving homeless veterans. Residents enter and participate in the program voluntarily and can remain in the program for up to 24 months. The following is a list of program entrance requirements participants must meet in order to eligible. Please keep in mind that each application is reviewed on an individual basis for clinical appropriateness.

1. Participants must be homeless or be at imminent risk of homelessness (see definition on page two)
2. Participants must be at least 21 years or older. Typically persons over the age of 25 are most successful in this environment
3. Participants must have a documented substance use disorder with previous failed attempts at treatment and express a strong motivation and desire to change
4. Participants must be detoxed from their drug of choice prior to program entry - meeting the ASAM Level I Detox Criteria
5. Participants who have a mental health diagnosis must have stable symptoms and have a 30 day supply of all prescription medications at time of transportation
6. Participants who have chronic health conditions must be medically cleared enter the program and be sent to the program with a 30 day supply of any required medication
7. Participants must be a resident of Colorado
8. Ft Lyon does not provide any court ordered treatment, and will not provide any written updates to probation or parole. A background check will be requested prior to the admission/transportation date. Rescission of the admission date will be sent to the referral source if there are open warrants or open cases, if the participant is a registered sex offender or if there is a concerning past history of sexual offenses or recent violent offenses
9. Participants must agree to live in a communal living environment and comply with the Resident Handbook and Fort Lyon Policies and Procedures
10. Participants may bring only one bag of personal belongings to the program

There are no minimum or maximum income requirements for the program and the program is provided free of charge to participants. Please keep in mind that this program generally operates off a waiting list. Referred participants should have an established relationship with the referring organization. Referring organization should be able to contact the participant on an ongoing basis and be able to assist in locating participant when their name comes up on the waiting list. It is suggested that while participants wait to be admitted to the program, that the referring agency work to connect the participants to mainstream benefit including Medicaid and SSI/SSDI, provide the participants assistance in obtaining identification documents and aid in the application process for affordable housing for after program exit. This program is not intended to be an alternative to incarceration and will not accept participants under court ordered treatment. Upon program completion, participants will be assisted in reintegrating into a community of their choice and be provided with resources for ongoing care, housing options and community supports.

Homeless Definition:

a. an individual who lacks a fixed, regular, and adequate nighttime residence;
b. an individual with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground;
