PSH and RRH Count Fact Sheet
2020 Point-in-Time Sheltered Count

This fact sheet is speaking to Permanent Supportive Housing (PSH) and Rapid Re-Housing (RRH) programs on the night of **Tuesday January 28th, 2020**. *If agencies utilize **HMIS for your RRH or PSH Program**, you do not need to complete a paper count form. Using HMIS for the count is not mandatory.*

Some Clarifications:

You **DO NOT** need to **survey** anyone living in these types of programs with a Sheltered Count Survey. A survey will not be used because HUD does not collect this data for these types of programs.

You **Will COUNT** the number of individuals and/or families, and/or unaccompanied youth as well as the household breakdown, number of units in a program on the night of the Point-in-Time Count.

Name of Organization and Program

Name of the Organization and Program Names should follow the Housing Inventory Count sent to PIT Coordinators by CCH. If nicknames are used, please correct those to reflect the Housing Inventory Count (HIC).

Permanent Supportive Housing (PSH) Programs

1. **The Count of the Total Number of persons (including all adults and all children) housed on the night of January 28th, 2020.** This is the total number of anyone physically in the program on the night of the count.
2. The PSH form further explains how to count units on the night of the PIT count.

Rapid Re-Housing (RRH) Programs

1. The Program Breakdown by Individual/Household "A, B, and/or C" are asking for a type of person or household that might be in the program. They are separate categories and should be added together for the total number of people in the program in "Total #" Box.
2. Follow the same directions as the PSH form regarding units!

Submission

Programs, submit completed RRH and PSH Forms to your Agency Leads and then to your Regional PIT Coordinator.

Regional Coordinators, complete a cover sheet for the form and submit it to the BoS CoC Coordinator at CCH for submission to HUD!
