

Each December, the Denver community comes together on the longest night of the year to honor those neighbors who passed away in the preceding year while experiencing homelessness. For 33 years, the Coalition Coalition for the Homeless has hosted this event in honor of those who have died in the previous year. For many, this will be the only service to mark their death.

Colorado Coalition for the Homeless does our best to collect all of the names of people who have passed away while experiencing homelessness. The total number of names on this document is 263. We know that we are unable to obtain all of the names, which means we may have indirectly excluded your loved one. Please accept our sincere apologies.

We invite you to create your own luminary at the end of the event to honor someone who did not have their name included, or to include a message of remembrance and love.

Thank You
