

Each December, the Denver community comes together on the longest night of the year to honor our neighbors who passed away while experiencing homelessness. For 34 years, the Coalition Coalition for the Homeless has hosted this event in honor of those who have died in the previous year. For many, this will be the only service to mark their death.

Colorado Coalition for the Homeless does our best to collect all of the names of people who have passed away while experiencing homelessness. The total number of names on this document is 312. We know that we are unable to obtain all of the names, which means we may have inadvertently excluded someone. Please accept our sincere apologies.

We invite you to create your own luminary at the end of the event to honor someone who did not have their name included, or to write a message of remembrance and love on our online memorial.

This online memorial has been created so that guests can add thoughts, reflections, memories, and photos in honor of those who have passed away this year.
